MAGNETIC RESONANCE IMAGING – MRI

You cannot be scanned if you have a pacemaker, intracranial aneurysm clips, transcutaneous nerve stimulators or metal fragments in your body. Other information may be required for all other implants (e.g. implant cards). No food or drink for 6 hours prior to MRCP studies. For all other studies, you may eat and drink as usual on the day of exam.

Please refrain from wearing any jewelry and clothing with copper or silver threading. Wear comfortable loose fitting clothing (e.g. a jogging suit).

If you think you might be claustrophobic, please notify the MRI department prior to your exam.

ULTRASOUND EXAM PREPS (May have prescribed medications with small amount of water).

Exam	Preparation
1. Abdomen Gallbladder	No food or drink 8 hours prior to exam. During 12 hours prior to exam, please exclude all dairy products and fried foods from your diet. (Diabetics may have a small snack equal to 1 cup).
2. Pelvis – OB Studies	One hour before appointment time, start drinking 32 oz. of water. Please have water completed 30 minutes prior to appointment time. DO NOT EMPTY BLADDER. You may eat normally.
3. Abdomen & Pelvis (Exams schedule for the same day) Renals (Kidneys)	No food or drink 8 hours prior to exam. One hour before appointment time, starting drinking 32 oz. of water, please have water completed 30 minutes prior to appointment time. DO NOT EMPTY BLADDER. (Diabetics may have a small snack equal to 1 cup).
4. Arterial/Venous (Lower Ext) Arterial/Venous (Upper Ext) Carotid Arteries	NO PREP
5. Aorta	No food or drink 8 hours prior to exam
